

President's Message

*"By all these lovely tokens
September days are here,
With summer's best of weather
And autumn's best of cheer."*

— Helen Hunt Jackson, September

"Autumn shows us how beautiful it is to let things go." -Unknown

Does anyone have trouble letting go of "stuff"? I do. I've been sewing for a long time, as well as having worked "in the industry", and, well, I've collected a lot of things. I've been challenged to "clean up my act" and let some things in my collection go on to other places. Seems simple, but I struggle. What is the drawback?

1. I have **invested** time and money in most of these things with a project or goal in sight.
2. I have particular things that stir up so many **sentiments and emotions** that I find it hard to let go.
3. I've spent money on patterns or kits with every intention of making the items...I start the project, stop, but time passes and I don't get back to it. Can I let it go? Do I need to list those **guilt**-laden projects and prioritize to get a top ten - then let the rest go?
4. This kind of connects with the one above. I have **dreams and hopes** to finish projects. Each of these projects might "spark joy", but can I let them go to share the joy?

5. OK. I admit it. If I quit work today and never bought another thing, I doubt I will live long enough to find the **time** to finish all of my projects I've started, much less the ones I still want to start!

Autumn is coming and we look forward to the colors of leaves and the cooler weather. There are some of you who, like the deciduous trees do not struggle with holding on to things but can let go of things in a timely manner. I am not one of those. It's time for me to learn from the Autumn trees and see the beauty in letting go.

Education Moment - September 2022

When you are cutting rectangular shapes to use in a quilt, take advantage of the lengthwise grain of the fabric to keep those pieces the right size! The lengthwise grain of the fabric (parallel to the selvages) is the most stable direction in woven fabrics. You can usually find it by comparing the stretch in both directions.

The best time to cut the borders for your quilt is before you cut pieces for the blocks. That’s when you can cut long lengthwise strips, perhaps limiting seams in the borders. If you are cutting sashing strips, cut a crosswise piece to the

correct length, then turn it and cut the narrow sashing strips. Those nice stable strips will not “grow” as you stitch them to the quilt and will contribute to ending up with a quilt that is flat and square without wavy borders!

Notes from Philanthropy

Hello Quilters! While it may be summertime and “the livin’ is easy,” our quilters were certainly busy in August! Philanthropy had another great month with 14 finished quilts, 1 tote bag, 6 cosmetic bags, and 11 quilt tops turned in!

Philanthropy items donated in August

Taking a closer look at one of the quilts shown in more detail below, can you guess what this quilt was re-purposed from? This adorable quilt was donated by Joanna, a new Guild member. Joanna had three appliqued curtain valances, and three sides to the bed skirt that coordinated. She turned these into three children’s quilts, one of which she generously donated to the Guild! She even found the perfect green fabric to put on the back that looks like grass. What a clever way to reuse some cute fabric!

A big thank you goes out to the quilters who came by the Philanthropy workshop

on August 13th at Carolina Quilt Studio! We had three quilts dropped off, and three tops to be quilted were picked up. Several members helped match backings and bindings to tops, and labels were sewn onto thirteen quilts. Thanks for your help, ladies!

Our next Philanthropy Workshop will be held on Saturday, September 10th from 10:00 am – 12:30 pm at Carolina Quilt Studio. We invite you to stop by for batting, backing or binding to finish a quilt you will be donating to Philanthropy, just the top you are working. If you are new to the Guild and are looking for an easy way to get involved and meet other members, come and join us in preparing kits for upcoming meetings, sewing labels onto with others who love quilts and fabric. It is also a great opportunity to shop at Carolina Quilt Studio and see what is new!

With gratitude, Diane, Melanie, Wendy and Deborah

MAKING SENSE OF INVESTING

“Friends and quilts are great no matter how they are put together.” — Unknown

A note from the Treasurer

Our yearly audit was delayed due to Covid illness. It has been rescheduled but did not meet the newsletter deadline.

From September until sometime in December, I will be living in NC while our new home is built in Mauldin. I plan to attend Guild meetings and be in Greenville ~2 times per month. This should allow me to process your reimbursements/payments directly, but may require a little patience and preplanning outside of meeting dates. Linda Ligon has graciously agreed to assist me when necessary. Please email me at dtjohn007@gmail.com or call/text 706-284-1603 if I can help you.

Guild Sales

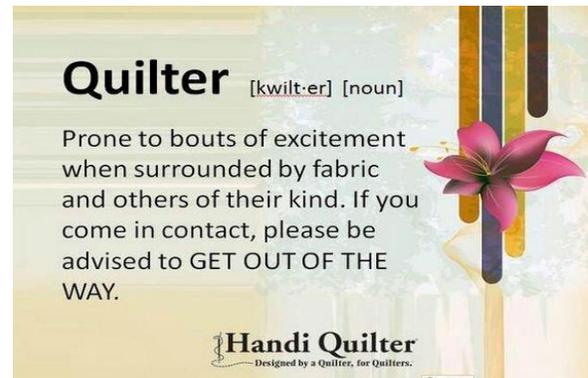

Hello, Ladies! Is it too hot to go outside? Might be a great time to stay inside and tidy up the sewing room! If you are doing any Summer Clearing, please remember Guild Sales! We would love to find a new home for any hand craft items that no longer bring you joy. And all proceeds benefit our Guild. We can be found at the Guild Sales table at our monthly meetings.

Please give Leigh or myself a call if you have any questions.

Thanks, and have a creative July!

Membership

In August, 46 members, 5 new sign-ons and 7 guests enjoyed Nancy Mahoney's lecture.

Please remember that September is the last month you can join and still be in the directory for the year. Also, if you have not yet received your membership card, let us know at the September meeting. Many of the local quilt shops give discounts when you show the card at payment.

Programs

September Program

Kim Ratchford, owner of *Stitched in Purple Longarm Business* is from Blacksburg, South Carolina and will be our guest lecturer for September.

Kim's program will be on: "Getting your work published in a magazine". Kim will share with us her journey through this process and ins and outs of being published in a magazine. We will also have the opportunity in the future to have a Saturday workshop from Kim on one of Kim's creations.

October Program

Carolina Quilt Studio staff will be our featured guests in October. The staff will educate us on the classes offered on quilting, rope bowls, basic sewing, and longarm quilting. Also, CQS is an authorized Innova Longarm Dealer of the Southeast and we will be updated on rental certifications and sales for Innova longarms. The studio has a variety of products to help create unique, beautiful quilts such as fabric, batting, thread, patterns, books, and notions. They will be bringing some goodies to be given away so be prepared to have some fun.

Carolina Quilt Studio supports Foothills Piecemaker Quilt Guild in offering monthly space for Philanthropy workshop and storage of fabrics. We can't thank CQS enough for opening their studio to help achieve our community goals of helping nonprofit agencies. CQS is opening their studio to the Quilts of Valor for monthly sewing with other quilters.

Refreshments

I want to thank each of you for providing the delicious food we enjoyed during our July meeting. It was a wonderful feast and great time of fellowship!

We will continue the previously held tradition for snack time each month. Whoever celebrates a birthday for the particular meeting month will bring snacks for all to enjoy, so we will look forward to seeing what our birthday September folks will bring.
